OFFICE OF PERSONNEL MEMORANDUM NO. 40-150-13

SUBJECT: Index of Office of Personnel Forms

1. The attached index lists Agency and Standard Forms (Federal) which are under the jurisdiction of or used primarily by the Office of Personnel has been developed as a reference and locator guide for all Divisions and Staffs.

2. Personnel type forms currently being used are listed by the OP Division having primary responsibility for completing or processing the form. An explanation of the procurement sources of the forms as indicated under Supply Source is shown below:

a. Items designated "S" are Stock items and can generally be procured from Building Supply Rooms except in instances where usage is restricted to one office (Example: Form 1152, Request for Personnel Action).

b. Items designated "D" are Division controlled. This generally applies to specialty forms that are used exclusively by one OP Division or forms that require specific instructions for completion and processing (Example: Form 600, Recommendation for Honor or Merit Award).

c. Items marked "CFR" are stocked in the OP Central Forms Room, 158 Curie Hall. The Central Forms Room has adequate space for storage of unclassified forms and printed matter and Divisions and Staffs are encouraged to make use of this space instead of using expensive office equipment (safes and bookcases) for general storage purposes.

3. Information concerning pending revisions of existing forms, changes in requirements, discontinuance of forms, etc., should be reported immediately to the Area Records Officer/OP (193 Curie Hall, Extension  ) so that provision can be made to ensure an adequate stock of current forms.

4. Beginning 1 July 1959, the Office of Personnel has been charged for the cost of certain forms used in personnel administration. The charges are placed against the account of the Division which has primary responsibility for the form. This applies principally to forms used in day to day activity and in instances where the consumption is small as forms used in large quantities Agency-wide are stocked in Building Supply Rooms and generally charged against a general fund.
